

WHS001 Work Health and Safety Policy

Strait Up Projects Pty Ltd trading as Strait Up Cranes and Rigging ("Strait Up") provides crane and rigging services to all types of industries including mining, construction, civil, commercial, renewable energy, rail, industrial, rural, residential. Strait Up's personnel include crane operators, riggers, dogmen and truck drivers associated with crane supply.

Obligations

In accordance with the Work Health and Safety legislation, we recognize our moral and legal obligations to ensure so far as is reasonably practicable, the health and safety of workers (apprentices, contractors, and labour-hire workers). We are committed to ensuring so far as is reasonably practicable, the health and safety of our customers, guests, and visitors. We are committed to implementing and maintaining a Work Health and Safety Management System in consultation with workers.

Objectives

So far as is reasonably practicable we will:

- Provide a safe and healthy workplace for all workers
- Provide safe plant and systems of work
- Provide written procedures and instructions that ensure safe systems of work
- Ensure compliance with WHS legislation and current industry standards
- Provide relevant training, information, instruction, and supervision to workers, contractors, and visitors to ensure their health and safety
- Provide assistance and ongoing support to workers regarding WHS issues

Responsibilities

All workers are responsible and will be held accountable for implementing those aspects of the policy for which they are responsible. The performance will regularly be measured in accordance with workplace policy.

Strait Up is committed to achieving safety standards to meet the requirements of ISO 45001 (OHS).

Designated 'Officers' and Management will:

- Provide a workplace in a safe condition
- Be involved in developing, promoting and implementing health and safety policies and procedures
- Be involved in developing, promoting and implementing workplace hazard and risk identification and management
- Train workers and other relevant people in the safest method to perform their work tasks
- Provide and ensure usage of adequate resources and information to meet our workplaces' commitment to Work Health and Safety

Workers will:

- Take reasonable care of their health and safety
- Follow all procedures detailed within our workplace WHS Policies and Procedures
- Report any injury, illness, hazard or unsafe work practice to Management as they occur
- When working on sites not managed by the business, follow all site specific induction training provided by our clients and follow all site rules, including obeying driving on site rules specific to each client site

Consultation

As per the relevant WHS legislation, we are committed to consultation with all workers regarding work health and safety.
